Campbell, Va.—"I used Cuticura Soap and Ointment for scurf on my baby's head and they made a complete cure. It came on her head soon after birth. It broke out in pimples and itched and she would scratch it and cause sores to form. Her head was very sore and her hair fell out in bunches. She was very cross and fretful and could not sleep at night. I tried many remedies, all failed, then I tried Cuticura Soap and Ointment and they commenced to heal at once. I used Cuticura Ointment on, and a half hour after washed her head with the Cuticura Soap. I used them a month and she was cured entirely." (Signed) Mrs. W. R. McMullen, Mar. 8, 1912.
